WOD

Boss Battle

Click on the WOD button to begin today's workout - we'll deal you 13 cards per round - when you complete each exercise, click the card to register as done. When you've completed the round, your next round will be dealt. Each WOD is 4 rounds and a total of 52 cards (the amount in a standard sized deck of cards).

Each card you complete earns you mana cards (mana points correspond to the reps of each exercise - you earn one mana per rep), and each round earns you inventory.

The more mana you get, the quicker you'll earn a boss battle level.

Good luck!
